^{mis-} The Adventures of Charlie Hex

by N.M. Luna

Charlie is a self-liberated automaton who travels the X15- β galaxy in her monopod cruiser, running from the Intergalactic Law Enforcement Agency and tracking down bounty whose rewards fund her barroom shenanigans and romantic escapades.

Space Babe
(Velma)

N.M. Luna 2021

Daphne and Velma
travel to the 31st century!

They catch crooks and
solve mysteries
in the future, where
dogs have been replaced
by monkeys in spacesuits
- Good bye, Scooby! -
and Velma has programmed
two automatons
with a simple algorithm
to replace
Fred and Shaggy.
